

# Inter-Tel Axxess System

*Visit our website for pricing.*

The Inter-Tel Axxess Phone System is just right for small and medium-sized businesses. The Inter-Tel Axxess Phone System is very popular with medical practices.

## **Advantages of the Axxess System:**

- Automatic call distribution standard
- Name and number caller ID
- CTI compatible
- Provides excellent voicemail integration with LCD phones. Softkeys allow user to backup, go forward, replay or forward a message to another user
- CPU upgradeable to 512 ports
- Comes with a manual on CD. You may be able to make most minor adjustments without the need for a technician.

## **Features of the Basic Inter-tel Axxess System:**

- Automatic call distribution
- Caller ID
- Full duplex speakerphone
- Call transfer to hold, park, ring or to off-premise extension
- DID
- Ten paging zones
- Two Music-On-Hold sources - Good for multi-tenant situations and multiple ACD queues.
- Hunt groups
- Four-party conferencing
- Individual or system hold
- Programmable keys
