

[Free Conference Calls!](#)

Here's something we could all use, free and easy conference calls! At Main Resource we tested out Mr. Conference and found it worked well. Reception is clear and your conference "room" can host up to 30 participants. The only charge you will ever see is the normal charge of the telephone call on your regular bill. When you sign up on the website you get a telephone number and PIN number. When you call to use the service, the automated attendant will tell you how many other callers are present and will ask you to announce yourself. Its that simple.

Visit their website at www.mrconference.com or check out their sample number at 305-503-6666 Ext. 681.

Brought to you by Main Resource, your Refurbished Telephone Equipment source.

We specialize in refurbished [Executone](#), [Isoetec](#), [Inter-Tel](#), [Toshiba](#), [Comdial](#) and [Premier](#) telephone systems. If you are looking for those hard to find manufacturer discontinued parts or the latest and greatest features in a complete system or components, Main Resource can help. We may have what you are looking for refurbished and in stock at a fraction of the cost of new!
